Submission:

My submission relates to the redistribution of Hill into Mulgrave and Flinders. As a resident and property owner in Peeramon and someone who works in Atherton, 15 minutes away, I find it simply unacceptable that towns that I spend more time in than my actual residence could fall in another electorate. Being in Peeramon, we are as close to Yungaburra as we are to Malanda yet those two population centres would be in different electorates. I can't see how the Tablelands region with so much in common could be split down the middle and end up in two VERY different electorates.
