**Name:** Greg Howell  
**Submission Topic:** Electorate Boundaries  
**Electoral District:** Burnett

**Submission:**

I object to the proposed changes to electoral boundaries for the Burnett region.

Under the current arrangement in Burnett, Agnes Water & 1770 are not on the edge of the electorate's focus. Our communities are a recognised part of the seat. Having a representative who regularly visits helps strengthen advocacy when dealing with state agencies, whether the issue is road safety, infrastructure, health services or school access.

That kind of representation is about more than geography. It's about visibility, accessibility and relationships. If or when the proposed boundary change goes ahead, Agnes Water & 1770 will, for all intents and purposes, lose the regular access to our state representative.
