Submission Topic: Electorate Boundaries
Electoral District: Hill

Submission:

Why?

Shane Knuth MP is out and about regularly in Hill. Any Community events I have attended I see Shane talking to community members, debating on issues and working for us as best he can with the constraints put on him by State Government decisions.

This new electoral area you are proposing will be humanly impossible to serve the community well.

We are hard working voters, who feed the population, and we matter just as much as City voters.

It sounds to me like the electoral commission and LNP think people who live in urban, densely populated areas need representation more than people who live in regional, less densely populated areas. We already have less access to healthcare, education, services than people in SEQ.

This proposed redistribution demonstrates how out of touch QRC is!!

I cannot believe that this is even a proposal!.
