You don't often get email from [REDACTED] [Learn why this is important](#)

To the Queensland Redistribution Commission,

I am writing to express my concern about the proposed changes to the Hill electorate in North Queensland.

The Hill electorate plays an important role in ensuring communities in North Queensland have strong and effective representation. Removing or significantly altering this electorate risks weakening the voice of regional communities and may reduce fair representation for people living outside South East Queensland.

Regional areas often face unique challenges including distance, infrastructure needs, economic development, and access to services. Maintaining electorates that properly represent these communities is essential for balanced decision-making across Queensland.

I respectfully ask the Commission to reconsider any proposal that would remove or substantially diminish the Hill electorate and to ensure that North Queensland communities continue to have clear and effective representation.

Thank you for considering this submission.

Sincerely,
Kate Dean

Far North Queensland/ Malanda
