Submission Topic: Electorate Boundaries
Electoral District: Hill; Hinchinbrook; Mulgrave; Flinders (formerly Traeger)

Submission:

I strongly oppose the Absorption of the Hill electorate into Mulgrave, Flinders & Hinchinbrook.

This is a strong independent region that deserves its own voice, not a minority voice of a larger electorate.

State has already split this region once when it was called Tablelands.

given the fact that this region is not listed as above or under population, it is a drastic change to split it and absorb it into others.

This seat even when it was Tablelands was always held by minority party or independent members, members who attempt to make a real difference in politics.

This is gerrymandering at its finest and should not be permitted.
