Submission Topic: Electorate Boundaries
Electoral District: Barron River; Cairns; Cook; Hill

Submission:

I object to the boundary changes in Far North Qld, especially Kuranda becoming part of Cook. We are 15 mins from Cairns suburbs and much more relative to the Barron electorate that we are currently in rather than the Cook area that encompasses Cape York which is miles away with their different priorities for their electorate. We need all the voices we can for FNQ and removing a division will make our region worse off to share our voices. We are continually overlooked as it is being a regional area, and this will give the region much less say in what happens for our area.
