Dear Queensland Redistribution Commission,

I currently live in the electorate of Maiwar and find the changes to my electorate confusing at best. It appears that a slither of our electorate is being cut out around Stuartholme and Mt Coot-tha instead of using the physical mountain range. This effectively strands this area in an unrelated electorate. I've lived in this area for 20 years. I went to Stuartholme School and spend weekends at Mt Coot-tha and the Botanical gardens. Adding this area to Ashgrove appears to be poorly thought out. Please discard your intended changes.

Kind regards,
Felicia Dubber
