Letter - Jean and Mervyn Shaw.pdf

16/3/2026

To The Queensland Redistribution Commission,

We wish to request that you reconsider your plan to cut up the electorate of Hill dividing it up into other electorates.

To include our area into Mt Isa is absolutely impossible for anyone to be able to represent such a vast area. As it is the Mt. Isa electorate is HUGE and certainly can't be considered equal to any around the South-East corner. To see your local member only take minutes of travel, or maybe an hour at the most compared with days in a huge electorate like Mt. Isa.

The electorate of Hill, at present, has quite a variety of constituents but a general locality understanding, and our local member works hard to represent the whole range of constituents.

NO ONE could possibly cover an area the size of Victoria, although the member for Mt. Isa does a pretty good job. How could he possibly take on more!

Please consider those who feed the more populated areas but don't have access to all the facilities available the more populated areas.

Yours faithfully
Jean & Mervyn Shaw.
