**Submission Topic:** Electorate Boundaries  
**Electoral District:** Aspley

**Submission:**

As a resident of the suburb of Geebung I want my voice and vote to address the matters of my community and surrounds. This rezoning will remove my ability to influence and vote on key infrastructure and services in my suburb including the Geebung train station and shops on Newman Road. Dividing the suburb with this rezoning will greatly dilute the ability for the Geebung community to articulate and effect change on the issues that matter most to us. We need to keep the Geebung suburb unified.
