Submission:

I do not support the Queensland Redistribution Commission's proposal to change the boundaries of our electorate. Blackall and Tambo have long operated as one connected community, with strong social, economic and governance ties that should not be disrupted. Our identity as Blackall-Tambo is well established and deeply valued by those who live here.

Our Mayor, who resides in Tambo, represents and understands the needs of the entire region. His leadership is important to our community, and we do not want to lose that connection or the strength of representation we currently have.

These proposed changes risk weakening our community voice and undermining the cohesion that has served our region well for many years.
