Name: Paula Harberger
Submission Topic: Electorate Boundaries
Electoral District: Hervey Bay

Submission:

My family understands the need for electorate boundary change, however, Hervey Bay has got a growth area back into their electorate, from Maryborough, the highest growth area on the Fraser Coast (Springs estate back to Booral Road) Most importantly, Hervey Bay Hospital has been changed over to the Maryborough electorate - where it should remain in Hervey Bay. It does not make sense a MP in another city is in charge of the Hospital. Easy correction, put Hervey Bay Hospital back in, and take springs estate back out. Please just draw around Hervey Bay hospital to put it back in and change nothing else. No one lives there, so should not be a concerns
