Submission Topic: Electorate Boundaries
Electoral District: Hervey Bay

Submission:

I strongly object to the proposed redistribution of the boundary between Hervey Bay and Maryborough. As a resident of Eli Waters, a suburb of Hervey Bay, why should we suddenly become a suburb of Maryborough, which is 30 kilometres away?

If this proposal is based on current and projected population distribution, then why can no-one tell us the respective populations of both hubs?

I reiterate, this proposed redistribution is ludicrous! To change the boundary to remove suburbs, which are part of the region of Hervey Bay, and within 10 kilometres of Pialba (the CBD and geographical centre of HB) to Maryborough, approximately 30 kilometres away, makes no sense.

I implore you to leave the suburbs of Hervey Bay as part of the Hervey Bay Electorate! Extend Maryborough further to the west, north and south, if you must fiddle with boundaries!
