I wish to object to this proposed boundary change, North Queensland is already under represented in state parliament and this change will only make matters worse. As a resident of Mount Garnet, the change will make the drive to consult with my local member a journey of some 14 hours, not really conducive to good communications, this is compared to the 4 hour journey we currently have. I believe the change will unfairly benefit the south-west of Queensland and dramatically reduce representation for the north of the state.
