To the Commission,

I have always loved the north side, and I have a parent that lives in the relevant area for this message to you - I make this point please, that our state electorate boundary and our local council ward boundary should match up and should not be so separate - this would allow both levels of government to work together on important issues, and it just makes sense. In short, the proposal to align the Aspley/Nudgee boundary with the Deagon Ward boundary is strongly supported by myself.

Many thanks,
