Submission:

To abolish the electorate of Hill is to abolish every voice in the small towns that Hill encompasses. Shane Knuth is instrumental to giving the small towns and constituents within those towns a voice. Shane Knuth actually cares about the constituents within his electorate. He listens and he then goes to action for them to put these small towns within a different electorate abolishes every single persons within the electorate of Hill's voices. Brisbane does NOT need a 65th electorate within the city to the detriment of Hill. How is it fair that regional and rural Queensland loses their voice once again for metropolitan Queensland. The little people exist and the little towns exist and we need to keep our voices as they are with someone who cares about us.
