Submission:

We are NOT in favour of Karalee being changed from Ipswich West electorate to Moggill for several reasons.

1. The Brisbane River has been the separation point between us (Karalee) and Karana Downs and Moggill. Karana Downs and Moggill are Brisbane City Council, we are Ipswich Council.
2. We obtain our essential services, (hospital etc) from Ipswich, not Brisbane. Our shopping and general character is formed from being a part of the Ipswich community.
3. The residents of Moggill did not want a bridge to join both our communities, so this never happened. They obviously see Karalee as having a different character.
4. We feel we will not be represented well enough if joined to the more suburban suburbs of Karana Downs and Moggill for the above reasons.
5. We believe that staying within an Ipswich based electorate will best serve our needs.
