Submission:

1. The Hervey Bay Hospital MUST remain in the Hervey Bay electorate. Otherwise I fear the community in Hervey Bay will not have good political representation. Already the Sports Precinct in Hervey Bay is under the Maryborough electorate, and neither this nor the last MP seemed interested in it, because the representative is not focused on Hervey Bay.
2. The Maryborough Electorate needs renaming, so that it's not thought of as just Maryborough - quite a bit of Hervey Bay and other towns are taken in by it, and it causes confusion and leaves residents to feel they are not being represented.
