Submission Topic: Electorate Boundaries
Electoral District: All

Submission:

I am writing to express my strong opposition to any gerrymandering or politically motivated alteration of local electoral boundaries. Electoral maps should be drawn in a way that reflects genuine community interests, ensures fair representation, and upholds the integrity of our democratic process. Manipulating boundaries for political advantage undermines public trust and does not serve the people who rely on transparent, accountable local governance. I urge the council to prioritise impartial, community-focused criteria in all boundary reviews and to maintain a process that is open, evidence-based, and free from political interference.
