**Submission Topic:** Electorate Names  
**Electoral District:** Beaudesert (formerly Scenic Rim)

**Submission:**

The scenic rim electorate covers a very large area both rural and semi rural. Beaudesert is one town of many throughout the region. Many areas/businesses within the scenic rim have successfully promoted their USP under the banner of scenic rim, locally, nationally and internationally. To change this well recognised, well utilised & acclaimed moniker for the sake of minor confusion (easily rectified), bureaucratic paperwork & voting days would be a costly mistake for all those promoting & making a living in the region. Going back never works and in this case it's not a broken situation so doesn't need fixing!! The scenic rim is all encompassing, there is no major city, river, beach to define it. Beaudesert is just one small place within the 'Rim'. Don't be restrictive be progressive!
