How disappointing but not surprising that you are changing the hill electorate. It doesn't matter if it is liberal or labour government you have both changed it before to try and put more of your people in. However Shane Knuth from the Katter party has defied you all and there is not one politician that could be at every event like he is now. Good luck in trying to get someone decent from liberal or labour government. It's all about politics not about the good of the people. Julie Macdonald
