Submission Topic: Electorate Boundaries
Electoral District: Condamine

Submission:

I object to the change of the Condamine electorate boundary, because I see no reason for the change given that the voter numbers for Condamine fall within the prescribed number. In addition, Pat Weir is well known in Crows Nest, understands our concerns, has built strong, lasting relationships, attends community events, visits local businesses and schools and is a popular member within our community. *If it ain't broke, don't fix it!*
