Electoral District: Gympie

Submission:

We live between Amamoor and Dagon and have for 23 years. If we are pushed into Nambour we will never vote again. We never go anywhere near Nambour, know no one there, and it is completely alien to us. Also being on the northern tip of Nambour would relegate us to the dustbin of that council. We are just north of Amamoor so I am sincerely hoping we do not get affected because seriously, if we do, it will be the end of our voting days. There are alternatives. The whole of Australia is growing exponentially, increase the number allowed in an electorate.
