Submission:

I object to GEEBUNG being split into two parts
our suburb has been basically been together for over the 60 years especially
the residential area.

I also think that this move and the 1 week deadline for submissions is
discrimination against older residents who are not tech savvy and may not
have a computer , so they may not have their opinion heard

As a long time resident of Geebung, I object to being moved back into Nudgee
Electorate causing confusion in my area to vote and or pre-vote. As a 90 year
old and living through the years of Gerrymandered which I thought was behind
us. Keep Geebung as suburb together
