Submission Topic: Electorate Boundaries
Electoral District: Hervey Bay

Submission:

As a long-term resident of Hervey Bay, I feel I must register my objection to the proposed redistribution of the Hervey Bay Electorate. In this proposal, the Hervey Bay Hospital will be included in the Maryborough Electorate, when the Maryborough Electorate already has a major Hospital. This proposal would include 2 major hospitals in the one electorate, and as such, possible favouritism towards the Maryborough Hospital at the expense of the Hervey Bay Hospital.

If population numbers are the incumbent precedent to defining Queensland State Electorates, perhaps take some of the area that is not in the Hervey Bay City, but in the southern environs, like Susan River, Bunya Creek, River Heads, and the southern part of Booral; bringing Nikenbah, Urraween, and Eli Waters back into the proposed Hervey Bay Electorate.

I am unable to attach a modified map, as I am lodging this objection via my mobile phone.
