Submission:

I Heavily disagree with the inclusion of Eli waters, Toogoom and Craguish and the splitting of Urraween into the electorate of Maryborough, I am concerned about how this may affect local voting as Craignish and Eastern Hervey bay Favour heavily in LNP voters and pushing Labour voters within Hervey Bay into more into electorates that favour the LNP may heavily affect the two districts. I fear this will lead to an unfair representation of Local voters and I believe this is effectively gerrymandering.

I have spoken with more informed although less proactive members of my community and hope that my letter is taken into consideration
