Submission Topic: Electorate Boundaries and Names
Electoral District: Hill; Flinders (formerly Traeger)

Submission:

I disagree with proposed changes to electoral districts specifically the removal of Hill and the infusion of that district now into Flinders, as per the proposal. Removing districts and representation for North and far North Queensland is irresponsible and proves the alignment of South East Queensland first or as priority with any and all government. The population in these districts should not lose representation, and the electorate of Hill should not be removed or absorbed by another.
