Submission:

Dear QRC,

I am writing to object to the proposed renaming of the district of 'Scenic Rim' to 'Beaudesert'. While I understand the Commission's views on naming districts after its geographic location, the district in question covers the entirety of the Scenic Rim local government area, so I would not feel that the current name of the district would confuse any electors residing in the area, and 'Scenic Rim' appropriately describes the area of the district.

Kind Regards,
Josh Vine
