**Name:** Simone Scott  
**Submission Topic:** Electorate Boundaries  
**Electoral District:** Hervey Bay; Maryborough

**Submission:**

The Hervey Bay Hospital under the proposed new electorate boundaries will no longer be in the Hervey Bay electorate but in the Maryborough electorate. This is unacceptable as the Maryborough electorate will then have two hospitals in it's electorate and Hervey Bay will have none . The Hervey Bay Hospital should remain in the Hervey Bay electoral division because it is a vital component of the Hervey Bay community. If it is made part of the Maryborough electoral area then they would have to struggle to recieve funding for both hospitals and the Maryborough hospital being the smaller of the two hospitals will struggle to receive the appropriate funding and support to continue to be a viable and important part of the Maryborough community. Please leave the Hervey Bay Hospital in the Hervey Bay electorate.
