Submission Topic: Electorate Boundaries
Electoral District: Condamine

Submission:

I would like to raise my concerns with one aspect of the proposed redistribution for the Electorate of Condamine.

Whilst supporting the Transfer of Drayton to Toowoomba South I do believe that the Crows Nest area should remain in the Condamine.

Most of the residents have a connection to Toowoomba and the Toowoomba Regional Council. This includes work commitments schools and transport and school buses.

The districts of Haden and Goombungee also fall into this category.

I would like to request that the Redistribution Committee consider reversing the current boundary realignment on the northeast side of the Condamine electorate.

Hon. Pat Weir MP, Member for Condamine.
