Name: Katherine West
Submission Topic: Electorate Boundaries
Electoral District: Aspley

Submission:

Splitting of the suburb of Geebung including separating key services (RSL, station, primary school and kindergarten) from the residents which use those services is not supported by this Geebung resident. I would remain within Aspley but have no input to how the aforementioned key services and others now located in a different electorate would be managed by the State. Please do not split suburbs across electoral boundaries - even small ones.
