**Submission:**

I oppose the inclusion of Imbil in the newly formed electorate of Nambour, and the consequent removal of Imbil from the electorate of Gympie. The needs, demographics and rurality of Imbil more closely aligns with that of Gympie - it is where residents send their children to high school, it is where they go grocery shopping, it is where they leisure. There is no connection between Imbil and the newly minted Nambour electorate. This will result in poor political outcomes, disengaged and unhappy residents, and an inability to meaningfully engage with the community.
