Electoral District: Gympie

Submission:

I wish to object to these changes.

I have lived at this address for 72 years & intend to for the rest of my life. Our family moved here in 1924. farmed this block & have always considered us to be part of Gympie.

all of our business is done in Amamoor and Gympie. I have never done any form of social or business in Nambour.

if we need an ambulance they take you to the nearest public hospital and that is in Gympie.

my grandchildren attend St Patricks college in Gympie. My children both work live & have businesses in Gympie.

also when the Mary river is in flood no matter what height we cannot get to Nambour anyway.

I find it offensive Just because Gympie has grown with all of the influx of people moving here us who live on the southern side of AMAMOOR Creek have to accept these changes.

it says that the changes are because of population growth.

why then does the Mary Valley small communities have to pay for this redistribution.

please revisit this & leave the Mary Valley in Gympie.

regards

Sharen Armstrong
