**Submission:**

I love the name change of Cooper to Ashgrove but I'd also like to see the Dorrington pocket of Ashgrove moved from Ferny Grove electorate into the new Ashgrove electorate. I live on High St for example.

I live in Ashgrove and my kids go to school in Ashgrove. We have no connection whatever to the Ferny Grove electorate. It really makes no sense to be separated from the rest of Ashgrove. Why segregate a community unnecessarily? Please consider this further redistribution of boundaries. Many thanks
