I am lodging my objections to the abolition of the electorate of Hill.

I am a long-term resident of the electorate and I have a good knowledge of the area captured by Hill. I have been very impressed with the representation of our Governments through the geographical boundaries of the electorate and I am strongly opposed to the proposed redistribution.

I am afraid that some undercurrent of political advantage is possibly driving this rather than to improve administration and representation.

Please leave Hill in place it's a mistake to remove the electorate and make the proposed changes.

I ask you to not destroy a well established system where appropriate representation and appropriate geographical boundaries have provided good results for the people.

Your faithfully,
Robin Arnold
