Submission Topic: Electorate Boundaries
Electoral District: Inala

Submission:

We moved from Victoria up to Queensland in 2002 and fell in love with Hervey Bay. We bought a house in Point Vernon and had 3 1/2 great years there. However, time catches up with all of us sooner or later and as I entered my 70s, I found it increasingly difficult to maintain the property. With that in mind, we made the move to the Thyme Lifestyle Resort in Eli Waters in December 2026.

We are now very upset to find that due to a proposed boundary redistribution, we will no longer be Hervey Bay residents!

Apparently, under the proposal we will be in the Maryborough electorate, I am strongly opposed to this change. The reasons for the change have NOT been articulated, certainly not communicated, to the residents.

Excuse my cynicism, but I can't help but think that the lack of consultation and communication has been deliberate.

Whoever is behind this proposal knows full well that it would not stand up to scrutiny. as there are no logical reasons for the change, so let's fly under the radar and push it through.

The fact that the Hervey Bay Hospital would be in Maryborough under the change just demonstrates the complete lack of thought that went into this proposal.
