**Submission Topic:** Electorate Boundaries  
**Electoral District:** Nambour (formerly Nicklin)

**Submission:**

Here is my submission to the redistribution committee. Feel free to copy and paste. Dear Committee,

With regards to the proposed redistribution of the formerly named seat of Nicklin, please consider the following points.

I agree with the inclusion of Flaxton and Eumundi and the exclusion of Palmwoods and Federal. These changes reflect to community of interest with the broader Nambour region.

However, I must strongly urge that the Commission revise their plans to exclude Woombye as this is a 'dormitory' suburb of Nambour, and has no community of interest with the greater 'Glasshouse seat.

Also the inclusion of the Mary Valley towns of Imbil, Kandanga, and Amamoor will only serve to disenfranchise the electors in those towns. They are an hours drive from Nambour, and those towns are dormitory suburbs of Gympie where their doctors, government services, shopping and entertainment are accessed. They are separated from the nearest town in Nicklin by a mountain range.

It would be much more logical and cohesive if Woombye was included and the Mary Valley towns excluded.

Sincerely,

Robert Skelton
