Hi,

I honestly hadn't thought much about electoral boundaries until this redistribution came around and I started reading about it. Now I'm confused about why our state electorate boundary and our council ward boundary don't line up in the first place.

Can the Commission please take the opportunity to fix that? Aligning the Aspley/Nudgee boundary with the Deagon Ward makes logical sense and would help people like me understand who we're supposed to contact about what.

Thanks for reading.
