Dear Commissioner

On behalf of the Charters Towers Regional Council I am suggesting that there is no increase to the size of the State Electorate of Traeger as I am concerned that representation for local authorities and constituents in the State Electorate of Traeger will decrease.

I recognise that the incumbent Member for Traeger has his own plane and therefore can cover the distance of the electorate with a matter of ease.

However when a change occurs, it may be that the person won't have this mode of transport and therefore road travel will need to be considered.

Any increase in size will certainly be detrimental to future representation of the citizens in this already vast electorate.

If you need any further clarification in respect to these comments please don't hesitate to contact me.

Regards,
