Submission Topic: Electorate Boundaries
Electoral District: All

Submission:

I do not support any changes being proposed to the current boundaries of the electorates of the State of Queensland.

I object to any local areas in Queensland losing their current government representative due to proposed these boundary changes and believe any proposed amalgamation of electoral boundaries are unnecessary and would result in regions losing their unique identity and voice to parliament that is currently afforded to them.

Amalgamation of Queensland local government areas was unsuccessful and detrimental to many regions for the same reasons stated above and therefore no changes should be made to the electoral districts either.
