No. There is not logical reason to change the listed regions to fall under Nambour. 95% of the residents don't even utilise Nambour for anything. They utilise Gympie. Nambour is an awful unclean place with terrible crime and drug rates, why would they want more responsibility than they have when they clearly can't keep what they already have nice.

If any changes to the size of the Gympie region needs to occur maybe look at Glenwood, but thats about it.
