Submission Topic: Electorate Boundaries
Electoral District: Hill; Hinchinbrook; Mulgrave

Submission:

The dissolving of Hill and its inclusion, along with the southern area of Mulgrave, into Hinchinbrook will change to rural voter base in Mulgrave and increase same into Hinchinbrook. It is inconceivable that a large area just south of the Mulgrave River will no longer be part of the traditional Mulgrave electorate but part of an electorate that includes the whole of the north coast as far south as Townsville. The State electoral boundaries in this area should be more closely aligned with those of local government.
