Dear QRC

I am writing this letter to protest about the remove of the tablelands seat and the proposed amalgamation of that seat into Musgrave.

I belive this is unfair and a biased move towards rural and far north communities

We deserve a place for our voice and views and to degraded and amalgamated with another county shows the complete lack of surport and governance the state shows.

Every outback/rural community should have its own seat and not just be amalgamated into 1 general seat.

Every outback/rural community has different needs just because the population is smaller than cities it should not affect the rights to a seat and say in what happens.

If you need to remove seats take them out the cities as there are numerous ones.

If rural communities are only allowed 1 to 0 seats then the same should apply to city's

Kindly Suzanne
