RE: Proposed Changes to Kurwongbah Electorate Boundaries

Dear Shane,

I write in my capacity as President of the Narangba Valley State High School P&C Association to express our concerns regarding the proposed changes to the Kurwongbah electorate boundaries, specifically the division of the Narangba Valley community using Young Road as the new boundary.

Under the proposal, our high school—serving almost 2,000 students—would be positioned on the very edge of the Morayfield electorate, despite being located directly down the road from your electorate office. This change would split our local community representation in a way that does not reflect how our community operates in practice.

You have been a strong and consistent supporter of our school community, regularly attending and sponsoring school events. We have worked closely with you on a number of State Government matters, including a significant outstanding issue that remains important to our school. Our association firmly believes that maintaining continuity in representation is critical, and that you are best placed to continue advocating for our school and broader community.

Furthermore, the proposed boundary changes for our suburb appear arbitrary and may create unnecessary confusion for residents, families, and stakeholders who engage with local representation on a regular basis.

On behalf of the Narangba Valley State High School P&C, I respectfully request that our concerns be taken into consideration before any final decisions are made regarding the electorate boundaries.

Thank you for your ongoing support of our school and community.

Yours sincerely,

A black rectangular redaction box covering the signature of Corey Passmore.

Corey Passmore

President
Narangba Valley State High School P&C Association
