Calliope is currently linked with the callide district, however no person in calliope accesses the services provided by the callide shire and are aligned with the Gladstone electorate. Having calliope linked to a town/area that we don't access disadvantages our town with funding. We had always been aligned with Gladstone until the last changes, which makes no sense at all. Calliope needs to be placed back with Gladstone electorate which also then places us back in line with our local council electorate as well and will provide more funding and services to our small community.
