Submission Topic: Electorate Boundaries
Electoral District: Pine Rivers
Related Submissions: Stop the LNP from gerrymandering a new Pine Rivers

Submission:

As a registered voter and resident in the electorate, I oppose the deliberate effort by the LNP to redraw new electoral boundaries that favour their candidates at the expense of the existing Pine Rivers community. This is a blatant case of gerrymandering and corruption on the back of a devastating loss to their party in the seat of Griffin. This kind of corruption cannot be allowed and is rejected wholeheartedly by the Pine Rivers community. Moreover, The LNP should carefully consider that this suggestion would not curry favour or trust among existing residents in the region and likely lose the LNP more voters than they project to gain with this plan.
