To whom it may concern,

I wish to express my concern at the proposed abolition of the Hill electorate. The Hill region faces challenges which are unique to our area and has always benefited from having an MP who is familiar with and a strong advocate for our community. The Hill electorate is home to a massive farming and industry community and deserves to be represented as such. It is extremely hard to imagine how this proposed change would benefit any of us tax paying citizens of the electorate. We strongly oppose this proposed change and certainly hope the government can take into consideration the impacts a change like this would have on the constituents of the region.

Warm Regards,
Makayla Bell
