Submission:

Recent discussions with the TRC and residents of Highfields regarding the use of vacant land for expansion of the Highfields Town Centre and what the residents wished to see included have shown the TRC is not interested in the wishes of the Highfields residents and a town hall conducted by the TRC would not even allow questions from the floor. The local Liberal member is not showing any support so removal of Highfields to another electorate may see a new council take more interest in the views of who pays their salaries.
