Submission:

We have worked really hard in the Scenic Rim since amalgamation to get the individual areas to now identify with Scenic Rim and not be divided between Beaudesert, Boonah and Tamborine Mountain. Scenic Rim is not just Beaudesert and in my opinion Beaudesert is still the one area of the Scenic Rim that needs to start to shine more as the other areas do. Please call this area the Scenic Rim as a whole - it is not just Beaudesert. Since the boundary is almost exactly the Scenic Rim area this just makes perfect sense and would be less confusing and more a sense of pride. Thank you.
