**Submission Topic:** Electorate Boundaries  
**Electoral District:** Aspley

**Submission:**

I strongly object to the draft proposed state electoral boundary changes that would split our suburb of Geebung in half.

This would result in fragmented representation of our suburb.

It would also result in the separation of community facilities/schools such as St Kevin's primary school, the Geebung RSL, Aspley Little Athletics, C&K Geebung Kindergarten and Preschool, and the Geebung shops being separated from the rest of Geebung by an electoral boundary change.

We have lived at our address in Geebung for thirty-three years and there has always been a very strong community spirit and presence.

Separating our community is a very poorly thought out decision and urgently requires reconsideration.

I strongly oppose this proposal.
