Submission Topic: Electorate Boundaries
Electoral District: Burnett; Callide

Submission:

I wish to protest on the proposed redistribution that places the entire Gladstone Regional Council area from the current Burnett electorate into the Callide electorate. This is an absurd proposition. The people in this region, including the Discovery Coast, have absolutely nothing in common with people on the other side of the range, in Miles, Taroom, Chinchilla and Dalby. The Burnett electorate, as it stands, is entirely coastal. The people in the north have the same issues and lifestyle as people in the south. We have a local member who knows the region, has worked hard to represent the entire electorate. Instead we will be placed in an electorate that is almost the size of Tasmania. We will rarely see the member, as he/she would be hard pressed to represent such a huge area. This is such a stupid idea.
